Decisive Battle Is Expected At Samshui

(Reuter's Pacific Service)

Peking, Jan. 12.—It is reported from Canton that the Chamber of Commerce has passed a resolution that General Chen Chiung-ming's retreating soldiers should not be allowed to enter Canton.

General Hung Shi-ti and General Wei Feng-ping have been appointed Special Guardians of Peace and Order in Canton during the present crisis.

Many of General Chen Chiung-ming's supporters are leaving Canton. The troops are urging General Chen to leave stating that this alone would prevent fighting in the city and prevent the entry of the Kwangsi and Yunnan forces.

(Reuter's Pacific Service)

Hongkong, Jan. 11.—Reports from Samshui state that the town is quiet, while General Lin Fu, a Kwangsi General in command of Canton Government troops, is pressing on Wuchow.

(Reuter's Pacific Service)

Canton, Jan. 12.—Upon return of confidence towards the Chen Chiung-ming regime Provincial bank-notes jumped from 13 percent to 25 percent of their face value within the past three days.

Canton is quiet.

(China Press Service)

Canton, Jan. 11.—A delegation of thirty, despatched by the popular organisations here, called at Chen Chiung-ming's headquarters yesterday to demand that Chen and his rebel troops leave Canton.

The delegates were received by an aide-de-camp of Gen. Chen, who said that Chen was "holding a military conference inside" and repudiated the report regarding his alleged departure from Canton.

Chen's "representative" declared that the proposal of the local organisations to request a responsible person to maintain the situation in Canton was being favorably considered.

(China Press Service)

Canton, Jan. 11.—Chen Chiung-ming's headquarters dispatched yesterday four hundred boxes of munitions to Hnichow in readiness for a hasty retreat.

One report states that Chen Chiung-ming is now at Shihlung and that the defence of Canton has been entrusted to Gen. Liang Hung-kai.

The naval squadron anchored off Canton will soon issue a statement declaring "neutrality."

Up-going trains of the Canton-Samshui Railway can proceed only as far as Fatshan.

(Eastern News Agency)

Canton, Jan. 11.—Interviewed by a representative of the Eastern News Agency, an influential member of General Chen's faction states that the sixty-one battalions of new recruits, belonging to General Chen, which are now concentrated in Samshui, are confident of victory, as they greatly outnumber the combined Kwangsi and Yunnan troops. General Chen Chiung-ming is determined to revive his ebbing power at the forthcoming battle of Samshui.

Mary Garden In Chicago For Opera

Exclusive Dispatch to
THE CHINA PRESS

Chicago, Jan. 12.—Mary Garden, who returned yesterday from her annual trip abroad to resume her roles in the Chicago Opera Company, gives all credit for her health and renewed vitality to Professor Emile Coue, the celebrated French disciple of auto-suggestion. Miss Garden stated that she never felt so well in her life, and that her health was entirely due to practising Professor Coue's teachings, which had recently completely cured her from a severe attack of pneumonia, with complications dated her from

BY J. L. BUTTS

By carrying a market basket containing two electric light shades, one ornate lampshade and several glass tumblers along Hart Road at an early hour of the morning Tsang Ming-tuh attracted the attention of C. P. C. No. 933.

Questioned as to the origin, destination and title of the goods, the coolie became so ambiguous and conflicting in his responses that the policeman took him away to the station and told him to stand quietly in a barred cell for a few moments and try to regain coherency. Tsang then recalled that he had purchased the fixtures from an acquaintance at 56 Hart Road. The Sergeant on duty consulted the directory and discovered that 56 Hart Road was the residence of Mr. S. G. Winteler. He cranked up the telephone and inquired of Mrs. Winteler if such articles as has been extracted from the market basket had once been a part of the household inventory. The housewife replied emphatically in the affirmative and expressed spirited indignation on learning that they were no longer actively in service as household furnishings. Whereupon they placed Tsang back in the cell and turned the key.

Yesterday Mrs. Winteler appeared at the Mixed Court, escorting Wong Tung-kwei. She had ascertained that the glassware figuring as evidence in the case against Tsang had been abducted from the premises and sold by Wong, who was erewhile the Winteler cook.

Wong conceded the impeachment. But, he offered in mitigation, he hadn't thought that his mistress considered them of any value. They had been put in the store room. He admitted selling them to Tsang—for $1.

Tsang corroborated the sale, but turned irately upon Wong in concluding his testimony and told the cook, the Court and the world at large that he had paid $3 for the things. He had thought the price exorbitant at the time.

The Court, however, considered the figure low for stolen property and told Tsang it would cost him three weeks in addition, while Wong is to experiment with other people's cookery for the next two months.

SARTOR RESARTUS

It's a hard life and a lonely, and why won't people reform so we can abolish police forces anyway?

Thus cogitated C. P. C. 1353, as he paused on his night beat and stuck out an elbow at the wall of No. 405 Weihaiwei Road, preparatory to leaning up against the building and reflecting further on the waywardness of the proletariat.

The jaw of C. P. C. 1353 came up against the facade of No. 405 Weihaiwei Road with a dull agonising thud.

The C. P. C. brushed away the gathering constellations and saw that there wasn't any wall at the exact spot he had selected as an elbow rest. Instead there was a large, irregular absence of mortar, laths and things. The C. P. C. peered through the transparency and saw Dzung Tung-sung packing up an incense burner, a pair of nifty candlesticks and few vases by the light of a carefully shaded candle. Dzung had every appearance of a man about to depart for some other place, so the constable stepped aside and rapidly organised himself into a reception committee of one which greeted Dzung warmly as he clambered through the hole.

In the Mixed Court it appeared that Dzung, who is a tailor at odd moments, had carved the aperture in the residence with his scissors. The Court expressed criticism of this sort of tailoring and suspended Dzung's business for 30 days.

440 TOURISTS ARRIVE HERE ON 'LACONIA' WORLD CRUISE

Many Prominent Persons Included In List

LEAVE TONIGHT

Visitors To Put In Busy Day In Shanghai

The first Cunard ship ever to enter this port, the s.s. Laconia, arrived last evening with more than 400 members of the American Express Company's cruise around the world on board. A tender met the big liner at Woosung, and brought to Shanghai a small party of persons who were anxious to land and spend the night in the city. The remainder of the party will come ashore early this morning for a day of sightseeing.

The travelers have just come from Tsingtau, and due to a belated departure from that port arrived here a few hours behind schedule. They will leave at daybreak tomorrow in order to maintain their schedule, which calls for a stop at Keelung before proceeding to Hongkong.

Today's program calls for a drive in automobiles and rickshas through the International Settlement and suburbs, and a walk through the old city with a considerable portion of time given over to shopping. The party will have dinner at the Astor, and a special dance has been arranged for this evening at the Carlton.

A party of seventy persons who have been traveling overland on a visit to Peking, and who left the main Laconia party at Yokohama seventeen days ago, will rejoin the main party here today. That group was in charge of Messrs. A. L. Maas, J. E. Donaldson and Raymond Fuller, members of the American Express staff.

MR. HOYT RETURNS

Accompanying the party of travelers were Mr. and Mrs. W. D. Inman. Mr. Inman is manager of the Shanghai office of the American Express Company. He is returning from a vacation in America.

The Laconia also brought back to Shanghai the American Trade Commissioner Mr. Lansing Hoyt, who joined the American Express party at Yokohama for the purpose of interesting the leading business men on board the ship in the proposed amendments to the China Trade Act, recently passed by the American Congress, which would exempt American business in this district from taxation.

That Mr. Hoyt succeeded in a larger measure is indicated by the comments made on every hand by Laconia passengers. There were those who asserted that they would lose no time after their return to their native land in communicating with their Congressmen on the subject and making demands upon them for amendments to the act that would be effectual in attracting more American capital to China.

One of the men on the Laconia who expressed himself as being entirely in accord with Mr. Hoyt's views, and who averred that he would actively strive to have the China Trade Act altered to such an extent that it would result in the strengthening of American business in China was Mr. H. C. Peters, vice president of the Peters-Morse Manufacturing Company, of New York City. Mr. Peters, who is a member of the American Society of Mechanical Engineers, and was Associate Chief of Experimental Engineers at McCook Field at Dayton, O., during the war, has achieved fame in America through his creation of a series of devices for adding doing business in this part of th

ROOSEVELT, SON OF EX-PRESIDENT, HERE OVER NIGHT

Kermit Arrives From Peking, Enroute To Japan; Will Return

Mr. Kermit Roosevelt, son of Theodore Roosevelt, and one of the leading shipping men of the United States, arrived in Shanghai on the Express from Peking last night, and left early this morning on the President Grant for Kobe.

Mr. Roosevelt was accompanied by his wife, and her father, Mr. J. E. Willard, former American Ambassador to Spain. From Shanghai they go to Kobe, from where Mr. Willard will return to the United States, but Mr. and Mrs. Roosevelt will return in about two weeks time to spend two weeks here, and will then continue on to the United States via the Suez, visiting the Philippines, Dutch East Indies and India en route.

Mr. Roosevelt is the president of the Roosevelt Steamship Company, and vice-president of the Kerr Steamship Company, operators of 40 vessels in both the Atlantic and Pacific trade. The Kerr Steamship Company operates in the Pacific as agents for the United States Shipping Board between New York and ports in the Dutch East Indies and India, and also operate vessels under the Norwegian flag into Shanghai. Mr. E. Brook of Shewan, Tomes and Company, Shanghai agents for the Kerr line, greeted Mr. Roosevelt upon his arrival here at the Astor House.

MAY RIDE HERE

While in Peking Mr. Roosevelt who, like the great ex-president is a spendid horseman, won his red coat by winning the heavy weight in the Peking paper hunt and upon receiving an invitation from a member of the Shanghai Paper Hunt Club to ride in one of the hunts here expressed his "dee-light"—just as his father would have, with the same wide toothsome smile and dancing eyes—to take a jog when he returned.

Mr. Roosevelt had intended emulating his father and going on a big game hunting expedition in North China and Korea with Roy Chapman Andrews of the American Museum of Natural History's expedition, but was unable to do so because of lack of time. Mr. Roosevelt's fame as a big-game hunter does not lie entirely within his father's prowess as he is a crack shot and hunter in his own right.

"I'm in the Far East merely to get a birds-eye view of general conditions," Mr. Roosevelt said "I have not been in the Far East before and as our lines are now doing business in this part of the world we thought the best thing for me to do was to come out and

FRASER WINS SUIT AGAINST MERCURY AWARDED $4,500

Jury In British Court Upholds Claim Of Wrongful Dismissal

Mr. James W. Fraser was awarded damages of $4,500 in the British Supreme Court yesterday in his suit against the Shanghai Mercury, the plaintiff claiming that he was wrongfully dismissed and the news paper broke its contract with him. Mr. Fraser sued for $8,800. In addition to the $4,500 damages, he was awarded costs. The case was completed yesterday afternoon.

Messrs. W. A. Donaldson and Jimson of the Mercury staff were the only witnesses yesterday. Attorneys R. N. Macleod, for the defence, and M. Reader Harris following with their closing arguments.

In his charge to the jury, Sir Skinner Turner, chief judge, discussed the law of master and servant after he had outlined the action, suggesting that the trouble started when Mr. Holland was dismissed. He said that for some reason or another things were not running smoothly in the Mercury office and pointed out that Mr. R. T. Peyton-Griffin decided to resign ten weeks after joining the paper.

The judge then detailed how Mr. Fraser endeavored to smooth matters over with Mr. Sahara, one of the directors, and reviewed the evidence given by the Japanese director.

He also discussed the evidence given by Messrs. Peyton-Griffin, Davey, Donaldson and Jimson, and divided the action into four phases, suggesting that the jury discuss the following questions:

First, was there any general neglect on the part of plaintiff in his work;

Secondly, did he break his agreement in taking outside work without the consent of the managing director;

Thirdly, did he make an attack on the managing director in an endeavor to subvert his authority in the company and undermining the relationship between himself and his co-directors, and

Fourth, by going away on a holiday without the knowledge of the managing director or that of the editor, was summary dismissal justified.

The jury which heard the case was made up of Messrs. J. A. Moller, G. Gravrigge, R. B. Moorehead, G. W. M. Snow, and H. L. Povey.

Ruhr Dwellers Bitter, But Resistance Is Not Active; Communists Agitating For A General Strike; French Well Behaved

PARIS CHAMBER APPROVES POLICY

Premier Poincare, In Speech To Deputies, Justifies Course; Cites Stinnes Proposal As Proof Of Berlin's Bad Faith

(Reuter's Service)

London, Jan. 12.—Reports from Germany indicate that the French entry into the Ruhr caused little interruption in the normal life. Trains were running regularly in the afternoon.

The trade unions are declaring a half-hour's protest strike throughout Germany on Monday. The Communists are agitating for a general strike.

The French troops are described as acting perfectly correctly. The crowds of onlookers are represented by some correspondents as bitterly sullen and murmuring indignantly.

(Reuter's Service)

Paris, January 11.—The Chamber of Deputies today by 478 votes to 86 decided to postpone interpellation of the Government until February 2, which is tantamount to a vote of confidence.

Loud cheers resounded in the Chamber as M. Poincare traced the developments justifying the present action.

The Premier recapitulated the arguments against the British reparations plan and in favor of the French plan, which represented "the limit of concessions." Nevertheless, he added, Britain and France could discuss these matters without compromising their alliance.

M. Poincare declared that Germany's bad faith was proved by the fact that, while Germany was refusing to deliver timber and coal on account of reparations, Herr Stinnes sought an interview with him last month on the subject of exchanging coke for ore.

The Premier asserted that the withdrawal of the American troops was in no way connected with the French entry into the Ruhr but was merely the execution of an earlier decision.

M. Poincare blamed British abstention for "the measures of prudence which would otherwise have been unnecessary." He stated that the British abstention would also make the seizure of guarantees less productive. He warned the Chamber not to expect great returns from the operations but comparatively small returns were better than nothing.

REPORT RUSSIANS SOLD TWO REFUGEE SHIPS AT NANKING

Admiral Stark Said To Have Paid Dockage Charges By Sale Of Vessels

Two of the fifteen Russian refugee ships, which for over three weeks were anchored off Woosung, have been sold to Chinese in Nanking and are now en route to that river port under new names, according to information published in the local Russian newspapers. The two ships to have been sold are the Astaka and the Pariss.

The two ships are reported to have sailed for Nanking just a few hours before the other thirteen vessels departed for an unknown destination after their futile efforts to land and make their headquarters here.

The sale of the ships was in direct opposition to an announcement published in the local press by Shanghai representatives of the Soviet Government that the ships in Admiral Stark's fleet were government property and could not be disposed of by Admiral Stark or any of the refugees. Further diplomatic action or court action is expected as a result of the sale.

FLIES LETTISH FLAG

Another ship, now known as the Latvia, formerly a Russian Volunteer fleet vessel at Vladivostok, has also been sold and is now in Shanghai harbor flying the Lettish flag. It is said the vessel was sold to Chinese and Lettish interests.

It is said that Admiral Stark sold the vessels in order to pay his dry-dock bill for recommissioning five of the ships which arrived here in bad condition after their strange voyage from Vladivostok. Commissioner for Foreign Affairs Hsu Yuan was reported to have made the arrangements for the repair of the ships at the time, as Admiral Stark had no cash.

No information has as yet reached Shanghai as to what port the Russian ships were steaming for. They were expected to sail either to Hongkong or Manila.

Poincare Speaks On Foreign Policy

(French Wireless through Reuter)

Paris, Jan. 11.—M. Poincare today made a declaration on foreign policy in the Chamber of Deputies.

The Premier, who was cheered from all the benches, began by stating that France had no confidence in German's will to restore herself financially, to stabilise the mark and to carry out reparations.

M. Poincare said that, if Britain had proposed conditions compatible with French interests, he would have accepted them. Mr. Bonar Law, whom they must thank for his courtesy and outspokenness, had proposed a program which would have ruined the chief parties to the Treaty of Versailles and would have resulted in making Germany independent of all debt to France.

It was impossible to alter that Treaty, which had the double character of a French internal law and of an international act, unless in conditions identical with those in which it was signed.

Neither Italy nor Belgium, the Premier added, judged the British plan acceptable, as it amputated their credits and prepared the way for future supremacy of Germany over Europe as Germany with a small foreign debt possessed a prodigiously rich soil.

M. Poincare recalled that Britain has always retained freedom of action in the alliance, mentioning especially the Feisal affair in Mesopotamia. The Alliance between France and Britain was not broken for all that as it responded to a mutual desire.

(French Wireless through Reuter)

Paris, Jan. 11.—The London correspondent of the Journal des Debats states that British public opinion is much impressed by the cordiality of the official Anglo-French interviews after the divergences of view on the reparations questions.

The British newspapers, especially the Daily Mail, give the assurance that the British Government will permit France to make a fair trial of her program.

Essen, Jan. 11.—The force is fully equipped and includes a large number of tanks, field guns, armored-cars, lorries and cyclists. The force is even equipped with gas-masks.

A French proclamation, issued at Duesseldorf, stated that the local administrations will continue to function. There will be no curfew but the carrying of arms is forbidden.

Duesseldorf and Duisburg were plastered during the night with Communist placards in French and German, inciting the French soldiers to revolt against Herr Stinnes and other capitalists.

(Reuter's Service)

Berlin, Jan. 11.—The German Government's policy relative to the invasion of the Ruhr was outlined by the Chancellor, Herr Cuno, before the Foreign Affairs Committee of the Reichstag today.

The Chancellor declared that Germany could not resist actively but, on the other hand, would not bow her head voluntarily. He announced that Germany's reparations obligations would cease to be discharged vis-a-vis "the Treaty-breaking Powers."

The Government, Herr Cuno declared, would leave its officials in the occupied area, out of consideration for the welfare of the population and to conduct Government business. Further action would depend on the action taken by the other side.

The Premiers of the Federal States have been invited to Berlin to confer on the necessary economic measures in view of the gravity of the situation.

French Deny New Occupation Makes Paris Treaty Invalid

French Wireless through Reuter)

Paris, Jan. 11.—The Temps, refuting the declarations of President Ebert, Herr Cuno, the Chancellor, and Herr Rosemberg, the German Minister, that the despatch of troops into the Ruhr constituted a violation of the Treaty, states that not only is this assertion denied by Paragraph 18, Annex 2 of the Treaty, but is on the contrary elementary good sense.

If it is admitted that the Treaty can be eluded indefinitely by one of the signatories and that the others cannot enforce its carrying-out without disobeying it, from this it would result that the Treaty would only remain valid as long as it was not respected.

It would be torn to pieces on the day when its stipulations could not longer remain a dead-letter.

TINO'S STORMY CAREER ENDED BY DEATH IN ITALY

Former Greek King Succumbs To Cerebal Hemorrhage

(Reuter's Service)

Palermo, Jan. 11.—Ex-King Constantine of Greece died here today of cerebal hemorrhage.

(Reuter's Service)

Palermo, Jan. 11.—Ex-King Constantine had been suffering from arteriosclerosis and nephritis but the end had not been expected. He had arranged to settle at Florence shortly. Queen Sophia and her three daughters were present at the death of the former King.

Constantine, whose career in recent years has been one of vicissitudes owing to his having to abdicate his throne twice in six years, and the general way in which he has been the football of the powers, was born in 1868 and succeeded to the throne on the assassination of his father, George I, March 19, 1913.

He was married in 1889 to Sophia, sister of William II of Germany, to which alliance with the House of Hohenzollern may

be traced the leanings toward the German cause displayed so early in the war by Constantine. It was not until June 11, 1917, however, that the Allies were able to compel his abdication in favor of his son, Alexander, who held the throne until his death in December, 1920, shortly after which a plebiscite was held and resulted in the recall of the deposed sovereign.

Then came the disastrous campaign in Asia Minor which resulted in the Greek debacle for which Constantine and his ministers were held responsible and on September 28, last year, after he had been held a prisoner in Athens several days he was allowed to leave for Italy, his eldest son George taking the throne.

Mr. Roosevelt said that the Roosevelt's were now equally split between politics and business, as "my brother Ted is Assistant Secretary of the Navy and my sister Alice is the wife of Congressman Nicholas Longworth of Ohio. Tokio, Jan. 10.—The Department of Finance reports that for the month of December of last year, Japan's trade with China amounted to Yen 22,665,000 in exports and Yen 19,239,000 in imports, the balance being Yen 3,426,000 in favor of exports.

"La Boheme"

"La Boheme" allowed the Italian Opera Company to score another tremendous success at the Olympic Theater last night, Miss Ambrogo, Miss Delza, Bigardi and Cappelli giving notable performances.

The chorus in the second act was excellently done and the production as a whole was a remarkable one. Scenery and costumes called for praise while the orchestra showed marked improvement.

Perhaps the outstanding bits in the performance were the "narrative," the quartette at the end of Act III and the duet by Rudolph and Mimi in the last act, but all of the numbers were thoroughly good.

Tonight "Il Trovatore" will be sung to another crowded house while the repeat production of "Aida" tomorrow night will be heard by a capacity audience. Advance sales of for both operas have been heavy.

"Madame Butterfly" is the offering for Monday night, "Traviata" comes Tuesday while the Company's farewell will be "Cavalleria" and "Pagliacci."

General, Ex-Tuchun Victimised By Servant

For forging the name of his master, General Li, living on Rue Amiral Bayle, and thus securing the sum of $1,000 from a Mr. Dan, a former Tuchun, a servant named Jang Ming-tuh was sentenced to a year's imprisonment by Assessor Mead and Magistrate Tsang of the Mixed Court yesterday.

The accused on December 26 wrote a letter asking the ex-Tuchun for the loan of $200, chopped it with the General's chop and presented it. He was given the money without question. He repeated the process on January 1, asking and receiving $800 on this occasion. He admitted the fraud in Court and said that he had sent $600 of the money to his home in Honan and had lost the remainder gambling.

THRIFT
with a Two-fold Purpose

THE dictionary defines thrift as "economical management." Certainly as applied to you and your family the highest form of thrift is that which, for the lowest investment, makes the largest provision for their future welfare in case of your non-survival.

SUCCESS goes hand in hand with the ability to save, but the savings plan that fails to reckon with the uncertainty of life, may find those who are dependent upon it with little or no income soon after your help is gone.

ADEQUATE life insurance is the safest, surest way of saving money, and it is much more. It means protection for those who are dearest to you—a sure income for them as long as *they* live. It is a compulsory savings plan that, once begun, you are unlikely to abandon. It is the highest form of thrift—the economical management of your family's welfare.

January 17-23 is THRIFT WEEK
January 19 is LIFE INSURANCE DAY

The Way to Wealth

To a fortunate few, wealth may come as a result of gift, inheritance, luck or speculation, but most of us can achieve it only through hard work and close adherence to a carefully thought-out financial plan. Any such program must include these three fundamental precepts of personal finance:—

1. Earn as much as you can.
2. Save an increasing percentage of your income.
3. Invest this surplus to bring the largest possible return compatible with safety.

The first two points are chiefly under YOUR control but when it comes to the third factor, WE can be of invaluable service through information and advice.

SUPER-DURABLE FLAT PAINT
FLAT WALL FINISH

A perfect Paint of smooth surface for Interior Wall Coating

The surface obtainable with this paint is smooth and flat, i.e., it is not a grainy, dead, lifeless finish, but of a velvety texture. It dries in a reasonably quick time, so that work can be carried out effectively, yet has the property of remaining open long enough to enable the worker to cover a large surface of wall without making laps or edges.

Excellent results with Super Durable Flat Finish are easily obtained, irrespective of the skill of the user, and an elaborate preparation of the surface is usually quite unnecessary.

Super Durable Flat Finish has been tried on non-absorbent surfaces of all kinds and where distemper and oil paint have proved prone to shell or flake off, it has always adhered. It gives a lasting finish of surprising beauty.

ANGLO--AMERICAN RUBBER GROWERS TO FIGHT U.S. ACT

British Delegation Going To America For Conference

(Reuter's Service)

London, Jan. 11.—A joint Anglo-American campaign is threatened by rubber manufacturers against the Stevenson Act.

Mr. Hines of the Firestone Rubber Company, who is visiting England, has made a statement of the American case to the India Rubber Manufacturers' Association of Manchester. He says that a deputation of the Rubber Growers' Association is going to America to discuss the question with the American Rubber Association.

Mr. Hines contends that the scheme will create a serious shortage. He hints at the development of rubber cultivation in the Philippine Islands although he admits that legislative changes would be necessary to ensure sufficiently large quantities.

Mr. Hines also thinks that America might obtain Dutch co-operation in financing and developing greater rubber production in Dutch plantations.

Creek Pirates Given Long Prison Terms

Charged with committing fourteen armed robberies in the Settlement during the months from October to December of last year, mostly aboard boats lying in the Hongkew Creek, four Chinese received long prison terms in the Mixed Court yesterday.

One of the accused was sentenced to eight years in jail by Assessor Mead and Magistrate Tsang, two received five-year terms and the fourth a two-year term. Detective Sergeant Gabbutt, prosecuting for the police, told the Court that the men belonged to a gang which had long terrorised the boatmen on the creek. They would board a boat armed with knives and clubs and take away everything moveable.

Lithuanians Also Attack Germans

(Reuter's Service)

Berlin, Jan. 11.—According to the Berliner Tageblatt, armed Lithuanian bands are advancing on Memel (East Prussia). They have occupied Bayoren and are advancing in the direction of Memel.

The French High Commissioner has issued a proclamation to the populace, promising to cope with the situation. French troops are entrenched on the outskirts of Memel

(Reuter's Service)

London, Jan. 12.—The Lithuanian official version represents the occurrences at Memel as local risings demanding a union with Lithuania. Other reports state that the Lithuanians concerned number several thousands, including disguised Lithuanian regulars.

Allied warships are expected at Memel immediately.

The raiders have already occupied most of the Memel territory. The rising caused great excitement in Poland. Polish troops were immediately ordered to the frontier.

(Reuter's Service)

Berlin, Jan. 11.—It is reported from Heydekrug that the irruption of the Lithuanians in the direction of Memel is extending. No collisions have occurred up to the present.

The object of the Lithuanians is believed to be to confront the Ambassadors' Conference with a fait accompli.

Note: In the Treaty of Versailles Germany renounced in favor of the Principal Allied and Associated Powers all rights and title over the district of Memel in East Prussia and undertook to accept the settlement made by the Allies in regard to this territory, particularly as concerns the nationality of the inhabitants.

The territory is in dispute between Germany and Lithuania and no decision has yet been made by the Allies.

Shops Will Observe Disarmament Day

March 11 will be disarmament day, according to a decision of the Committee on Disarmament, Constitution and Constitution of the General Chamber of Commerce at a meeting yesterday. Shops will be closed on that day and a demonstration against armament will be held.

The committee further decided yesterday to hold a reception in honor of the principals of colleges and universities in Shanghai on Saturday next at 2 o'clock at the chamber to discuss plans for propaganda work in colleges during the Spring recess.

Foreigner Cautioned; Told To Leave City

At the British Police Court yesterday before Mr. Peter Grain, acting as Magistrate, a charge of larceny in which a certain Alexander Warick was mentioned, was heard.

After two Chinese witnesses had testified Det. Sergt. Douglas went into the witness box and stated that the accused when questioned in the Central Police Station said that he was quite innocent. Some money was found on him and when asked about that the defendant stated that it was given to him in Hongkong by a man whose name he does not know to buy a pistol.

Mr. Grain, after carefully considering the matter, said that he would caution the man and advised him at the same time to leave Shanghai. The accused said that he would try to do so as soon as possible.

Mixed Court Case Throws Light Upon Illicit Milk Trade

Further light was shed in the Mixed Court yesterday on the way in which Settlement residents are frequently deceived by unlicensed dairykeepers.

A coolie was charged with delivering milk from an unlicensed dairy located outside the Settlement to patrons in the Municipal area. The bottles in which the milk was contained bore a seal very much like that of the China Trust Dairy Company, a licensed dairy. Further the coolie was equipped with a ticket issued to a licensed dairy. The keeper of this unlicensed dairy, Sanitary Inspector Terrill told the Court, had previously kept a place in the Settlement which had been closed by the Health Commissioner. The ticket with which he equipped his coolie was "rented" for $30 a month.

The coolie was fined $25 and a few minutes after the case had concluded Inspector Terrill reappeared in Court with a Chinese and stated that this man was the coolie's employer, who had come forward to pay the fine. A charge is to be framed against the dairykeeper and the court ordered him to furnish $250 to insure appearance.

Dutch East Indies To Issue New Loan

(Reuter's Service)

London, Jan. 10.—It is stated in well-informed quarters in Amsterdam that a Dutch East Indies six percent £8,000,000 loan will shortly be issued at about 98.

It is reported that the loan will be divided between Britain and the United States, where £5,000,000 and £3,000,000 respectively will be raised. The offer will be made in London probably early next week.

The foregoing is quite distinct from the State Loan of 80,000,000 florins being issued in Holland today and is understood to form part of the 12,000,000,000 guilders loan sanctioned in 1921 and not yet completely called.

Europe Frees Itself Of Wheat Pests, Says GovernmentSpecialist

(China Press Correspondence)

Washington, (by mail).—Hope for the ultimate extermination of the black stem rust of wheat on American farms was given impetus by reports that Western Europe has virtually eliminated this blight.

Just returned from a five months' tour abroad, Dr. E. C. Stakman, of the U. S. Department of Agriculture, declared that 100 years of warfare against the destructive common barberry, nemesis of wheat and other major crops, has resulted in the virtual extinction of this pest in Western Europe.

Law was the weapon largely used in France, Austria, Hungary, Germany and Denmark to combat the barberry, but in England Dr. Stakman said, the farmers took matters into own hands and removed the barberry bushes.

Skottowe Cup And Second League Games On Today

BY "WHISTLE"

There will be some hard football today in the second round of the Skottowe Cup, and a lot of interest is centered in the doings of the four teams competing.

The Police may be trusted to go all out for it. Their last week's experience of the Club is not exactly encouraging, but the presence of Quayle should make a big difference, not only on account of his own personal activities but because of the confidence he puts into the team generally.

Even so the Club should get through unless they are quite off color. Anything resembling the form of last Saturday should see them on top.

But there are others in the competition also. The Recs have earmarked the Cup for this year, as they think it will match the Engineers' Cup nicely, and, with their present form, they look quite able to carry out their program. They should be able to win from St. Xavier's, but the latter will make a fight of it.

The probable finalists are the Club and the Recs, unless the glorious uncertainty of the game upsets all inferences from current form.

HERE ARE THE GAMES

The following is the official list of games for this afternoon.

BLUES DEFEAT STRIPES QUINT; SCORE IS 38-22

BY TOMMY GRAFTON

A belated rally by the Stripes in the second half of last night's foreign league game at the Rowing Club fell short, and Neprud's Blues won, 38 to 22.

The Stripes opened strong, Jack Smith tallying three baskets before the Blues had a chance to score, but the Blues came back and caged five goals in rapid succession, carrying the game for the rest of the half, and were enjoying a comfortable lead at the interval, which found the score at 22 to 8. Ross had not appeared in the Stripes' line-up, and the tail-enders were looking to him to even up matters in the second period.

Here the Blues opened an attack which bewildered the Stripes, scoring a number of goals before Bell's men could get started. Finally, with the score at 32 to 8, the weaker team pulled up, and netted six goals which caused Neprud to call "time out," and inquire for the score. After the resumption of play Lolly Goldman cinched the game for the Blues by a couple of well-directed shots from the sidelines.

Both teams missed a great number of easy opportunities, Coulcher and Jack Smith especially seeming unable to cage close shots, and although they were responsible for the greater part of the scoring, they should have tossed in many more baskets.

The individual star was H. Nash, who played a spectacular game at running guard, shooting four baskets in wonderful form, and playing a whale of a game at guard, where he prevented the close shots of Smith and Ross.

Neprud played a brilliant passing game for the winners, covering the floor in whirlwind style. Bell and Smith were the leading players for the Stripes, and Johnston scored a sensational shot from center at a critical point of the contest.

The summary follows:

Blues 38		Stripes 22
Day	lf	Bell
Coulcher	rf	Smith
Neprud	c	Johnston
H. Nash	lg	Canda
E. Nash	rg	Wilhelmi
Goldman	f	Ross

Goals from floor: Coulcher 6, Neprud 2, E. Nash, H. Nash 4, Goldman 6; Bell, Smith 7, Johnston 2, Ross. Referee: Krisel. Timekeeper: Krygsman. Scorer: Crafton.

HOCKEY GAMES TODAY

Two squads will go three and a half miles over road and country in the Kiangwan district this afternoon when the Shanghai Harriers Club hold a practice run over the course to be used in the handicap race next month. Many American School runners will be out. The packs start from the school at 3 o'clock.

CALIFORNIA HAS WRITTEN A NEW SCORING RECORD

New chapters in the football history of the Pacific Coast were written by the University of California eleven during the last three seasons, in which it scored the record-breaking number of twenty-seven victories without one defeat. Only one game, that against Washington and Jefferson, was tied.

The powerful California scoring machine, rated one of the strongest in the nation, piled up 1,220 points in its twenty-eight games during the three seasons and held its opponents to eighty-one points. The Bears have scored 15 points to every one scored by an opposing team over the period.

California, during the three seasons, met the strongest teams it could find. All the Pacific Coast Conference elevens, including Washington State, Oregon, Southern California, Stanford and Washington were played and defeated. In addition, the Bears two years ago won from Ohio State, then champion of the Big Ten, and attempted to play Princeton, Yale or Harvard, but a game could not be arranged.

During the three years the highest score made by California was 127 points, made against the weaker St Mary's College eleven. In that game the Bears scored an average of 2.1 points a minute. Another record score of 38-0 was made by California in 1920 in the "big game" against its old rival, Stanford.

This year may find a weaker team at California because eight of the Bear veterans, stars for three years, will be graduated in the spring. Among them are "Brick" Muller, all-American end, "Duke" Morrison, who ranks among the highest-scoring fullbacks in the country, and Art Erb, quarterback, one of the greatest field generals ever developed on the coast.

Andy Smith, California coach, however, has another eleven in preparation for next year which observers believe will take its place above the average western team.

Anderson Winner Of Australian Net Title

J. O. Anderson won the Australian lawn tennis championship by defeating Gerald L. Patterson in a five set match in the finals, 6—0, 3—6, 3—6, 6—3, 6—2.

Patterson and J. B. Hawkes won the doubles and Hawkes and Miss Boyd the mixed doubles.

HARRIERS RUN TODAY

Two hockey games are scheduled for this afternoon. The Hockey Club "A" team will play the Lusitano Club while the "B" team is to meet the Police.

Committee Meets Monday To Name Soccer Men For Interport; Trial Sunday

Soccer football fans will have an opportunity to see the pick of the city's players in action tomorrow afternoon when an interport trial match will be played at the Recs Ground.

The Selection Committee is to meet again on Monday evening, when it is probable that the players likely to proceed to Hongkong will tentatively be chosen, and a match arranged between the Interport team and the Rest of Shanghai.

The Committee of the Shanghai Football Association is relying on good weather and a big attendance at the Sunday match to raise an appreciable sum towards the expenses of sending the team to Hongkong and confidently hopes that all followers of local football will endeavor to be present.

A non-compulsory admittance fee of one dollar per person will be collected at the gate (by special permission of the Trustees of the Shanghai Recreation Fund) and 20 percent of the total receipts, without any deduction whatever, will be allocated to the relief of destitute Russians in Shanghai.

The teams—"Probables" and "Possibles"—will be substantially as already published in the local press, and any alterations will be notified in the Sunday papers.

By kind permission of the Clubs concerned, the Probables (captained by Mr. L. Goldman) will play in the colors of the Shanghai Recreation Club, and the Possibles (captained by Mr. T. W. R Wilson) in the colors of the Shanghai Football Club.

ST. JOHN'S HAS NO TROUBLE WITH ALUMNI TEAM

In a game featured by rough play and fast passing, the St. John's five trimmed the team representing the Alumni Association of the Public School for Chinese by a score of 41 to 14. Both teams staged a lot of rough play throughout the game, and the officials were unable to make the teams play clean.

For the first ten minutes, the Alumni five kept very close to the St. John's but after that, they weakened and let the collegians net goal after goal until the half time showed 22 to 8.

In the second half the alumni could not net a single goal for the first 15 minutes while the college players made successive baskets. Loch, the guard of the losing team then stepped out and succeded in scoring twice. D. Y. Lee also shot one in.

For the winners, Mo, Yui, and Tsang played well, each getting four baskets. Yui the forward and T. H. Yao, the guard starred for the losers. Yui and Oo were put out of the game for rough play.

The summary:

St. John's		P. S. Alumni
T.T. Yui & Z. Y. Zee	lf	Z. Y. Yui & Lee

Shantung Road Institution Expresses Thanks For Support

As a result of the annual football match for the Marine Engineers' Charity Cup, played on December 26 last, between the Marine Engineers and the Shanghai Recreation Club, the funds of the Shantung Road Hospital for Chinese will benefit to the extent of $2,100, thus bringing the total amount raised for local charities by means of this competition to the handsome sum of $16,080.

The Committee desires to express its thanks to the players who took part in the match, and also to the public for the generous support it gave, through the medium of tickets purchased, to the Shantung Road Hospital.

The Committee also desires to take this opportunity of publicly expressing its hearty thanks to its Honorary President, Mr. John Prentice, who has done so much in the same cause for many years, and who, on this occasion, was largely responsible for the fact that the sum raised is a record one.

The money has already been handed over to the Shantung Road Hospital, and a letter of acknowledgement which has been received reads as follows:

The Hannigs Case

The following correspondence, which explains itself, has just been published in The North China Star:

January 6, 1923.

Mr. Stuart J. Fuller,
American Consul General,
Tientsin.

Dear Mr. Fuller,

As there seems to be a great deal of public interest in the question as to how Hannigs lost his American citizenship, I write to ask if you would give us a statement on the subject. I expect to write on the subject myself and should much appreciate any details you could let me have.

Sincerely yours,
(sgd.) Charles J. Fox.
Tientsin, China.
January 8, 1923.

Subject: Citizenship of Charles Hannigs.

Charles J. Fox, Esquire,
Editor, North China Star,
Tientsin.

Dear Dr. Fox:

Your letter of January 6th, in regard to the question as to whether Charles Hannigs ever was an American citizen, was delivered at the Consulate General late on the afternoon of that day and was received by me on the 7th instant.

As your reporter was informed, some time ago, the citizenship and registration records of American Consulates are necessarily confidential, as the information contained therein is the private affair of the citizen concerned. I may say, to you, however, as I did to your reporter, that Mr. Hannigs lived in Tientsin for at least three years without apparently making any effort to establish American citizenship and that, when he did apply to the Department of State for registration, he did so through the American Consulate General at Shanghai. On the basis of that application, made presumably, in the usual manner, the Department of State extended to him every consideration and gave him every opportunity to prove that he had ever had any right to American citizenship.

When he failed to prove this, the State Department notified him through this office (as he was then in Tientsin) that until he could prove that he has a right to American citizenship, as other American citizens do, he would not be entitled to recognition as an American citizen.

Mr. Hannigs never having made any application for registration through this Consulate General, there was no occasion for the Department of State to call upon us for any recommendation in the case, we were not asked to make any, and we have not made any. I trust that you will see your way clear to correct the incorrect statements and implications you have made to the effect that the Department of State's refusal of recognition to Mr. Hannigs resulted from recommendations of this Consulate General.

As you are aware, the American Courts in China have always taken jurisdiction, in criminal cases, of persons who hold themselves out as Americans, until such time as the accused is shown to have no claim to such American protection, this being one of the obligations resting on a government to which the grant of extraterritorial jurisdiction has been accorded.

Very respectfully yours,
STUART J. FULLER
American Consul General.

Peking Gloomy As To New Cabinet

(China Press Service)

Peking, Jan. 11.—Although both Gen. Tsao Kun and Gen. Wu Pei-fu have dispatched congratulatory messages to Premier Chang Shou-tseng, pessimism prevails in Government circles regarding the outlook of the proposed new Cabinet. Liu En-yuan and Wu Yu-lin, Acting Ministers of Finance and Communications respectively, hesitate to assume office, in view of the approaching financial crisis at the Chinese New Year.

Kao Ling-wei, Acting Minister of Interior, also stands aloof and refuses to see the Premier's delegates under the pretext of a "sore foot."

It is reported that there is no likelihood that the nomination of the Chang Shou-tseng Cabinet will be voted on in Parliament tomorrow, in view of the dissension among the Parliamentarians.

Former Minister Of Finance Is Freed On Loan Charges

(China Press Service)

Peking, Jan. 11.—Judgment was given today by the Metropolitan Procuratorate with regard to the Lo Wen-kan case arising out of the Austrian Loan.

Both Lo Wen-kan, ex-Minister of Finance, and Huang Ti-lien, Chief of the Treasury Department connected with the Ministry of Finance, who were accused of bribery in connection with the loan were found not guilty. They were released this afternoon.

The judgment has elicited a good deal of interest in Chinese and foreign circles. Speculation is rife regarding the effect of the judgment upon the question of the Austrian Loan, in view of a recent decision of the Cabinet that the contract was not a fait accompli."

Spot bar silver was up ⅝d. and forward 1-16d. in London yesterday. The New York price declined to 65⅛ cents and the London-New York cross rate improved to 467⅞. The only change in our official quotations here this morning was a rise in the Franc rate to 1020.

Our market here opened steady but eased off slightly during the course of the day. In the early morning business in Sterling was done at 3s. 0⅜d. for January delivery, 3s. 0⅛d. February and 3s. 0⅜d. March. Gold Dollars were done at 71⅜ January and as high as 71½ for forward deliveries.

However there were strong buyers at these rates and the market quickly eased off until at the close when there were no sellers of Sterling at better than 3s. 0⅛d. January, 3s. 0⅜d. February and 3s. 0⅞d. March.

The best sellers of Gold Dollars at the close here offered 71¼ January, 71⅛ February and 71 for forward deliveries. There were sellers of Yen at 68⅝ for January and buyers at 68¼, there were sellers for March at 68⅞ and buyers at 68⅝.

Banks were quoting 3s. 1⅛d. and 73¼ for Sterling and Gold Dollar bills for delivery prior to China New Year and 3s. 1¼d. and 73 for subsequent deliveries. There were buyers of Franc bills at 1065.

India bought silver in London yesterday and the market is reported as closing steady.

New York report their market as easy with sellers and no buyers at the official rate.

Weekly Review Of Shanghai Trade

BY DAVID ARAKIE

(Financial Editor)

The week has not been a very interesting one, but there is distinctly perceptible a better mood in the markets in general.

There is a slow movement of cargo, and in certain lines a little more trade than is reported last week.

The high price that Chinese raw cotton is commanding on the local market has stiffened the rates for manufactured yarn. There has been a further appreciation of some three taels per bale. Complaints are received that the crop of cotton coming on the market at present is not of good quality. This is particularly so in the case of Tungchow. It is presumed that the cotton mills in the Tungchow district have purchased the better quality and paid higher prices for same. Cotton prices have been going up all over, and it would seem that we are drifting to a cotton shortage.

The local cotton weaving and spinning mills are still in the woods. They are not buying cotton at present prices. The Japanese are and it will be interesting to see how things pan out in the near future. The future of the industry this year is certainly enwrapped in a mist, for a hundred and one things are likely to happen to upset calculations. It seems fairly impossible for prices of cotton to come down this season.

On account of the Reparations dispute, Germany has been out of the local produce market. In previous weeks a good deal of buying used to be done on the Shanghai market for Germany, but orders from Hamburg this week were conspicuous by their absence.

The merchants from Canton appear to have called a halt to their purchasing of groundnuts. Stocks of some of the products are growing less. There is a wide gap between London and Shanghai prices for groundnuts. There is an active demand for wood oil, and large shipments are going forth from Hankow to Europe.

More business was recorded this week in American flour. The Shanghai market, it would appear, is now totally dependent upon the United States for supplies. With the high price ruling on the Pacific Coast for wheat and exchange still not permitting importation, no fresh transaction has taken place in this.

Supplies of rice from Japan are dwindling. This week we only got 3,000 bags of rice from Japan. What a contrast to the big rush of consignments from that country. Shanghai has been absorbing every bit, and been calling for more. We seemed to have relieved the Japanese rice merchants of the bulk of their holdings, and presumable stocks available for export in Japan must now have come to vanishing point. All this serves to show that we shall have to pay higher values for future orders would have to be placed with producing countries for supplies.

PRODUCE EASIER

The produce market is easier this week, a reaction from previous week's activity and advance in prices. The contributing factors were the fluctuating exchange, a weaker market in Japan and the witholding of buying from Germany. There was an absence of inquiry from Germany this week. The market for sesamum seeds

MARRIAGE

ALLAMAO-THOMPSON: On Thursday, January 11th, 1923, at St. Joseph's Church by the Rev. Father Grech da Cumbo, Hilda M. Allamao, daughter of Mr. and Mrs. Richard Allamaq, to Jesse A. Thompson, of The China Press.

Tchitcherin And The Freedom Of The Seas

(New York Herald)

M. TCHITCHERIN, the Soviet Foreign Minister, acts as if he thought he were commissioned by some super power to lecture out everybody on the face of the earth. Thus in the Lausanne conference he launched forth at Lord Curzon regarding the allied demand for the open straits as follows: "You are compelling Russia today to arm, and arm. Russia is for disarmament and Great Britain answers with something that is a perpetual menace."

That the perfect answer to M. Tchitcherin is the message of the American State Department given on the same day to the Lausanne conference through Ambassador Child. In this utterance it was declared that it was impossible to overlook the proposal made by one delegate [M. Tchitcherin] that all warships should be excluded from the Black Sea and Ambassador Child "would find it equally reasonable to exclude warships from every other international body of water."

And then the American Ambassador delivered the real message from the United States Government and the American people as follows:

"No nation has gone further than the United States in its policies of naval disarmament, but no nation would be readier to uphold the good sense of maintaining a sufficient naval force to act as the police of the free seas, to protect its citizens and their ships wherever they might be, to suppress piracy or other menaces and to act at times for the public good and to give relief to the suffering, just as the ships of war have recently done in the Near East.

"Ships of war are not necessarily agents of destruction; on the contrary, they may be agents of preservation and serve good and peaceful ends in the prevention of disorder and the maintenance of peace.

"We—I believe in common with every commercial nation—wish access to every free body of water in the world, and we will not be satisfied if our ships of war may not pursue their peaceful errands wherever our citizens and our ships may go."

That was the doctrine of the American people and the policy of the United States Government long before there was a Soviet Russia and long before there was a Tchitcherin, either as the present associate in Bolshevism of Lenin and Trotsky or as the servant before that of the Czar. And long after there is a Tchitcherin that will continue to be the doctrine of the American people and the policy of the United States Government.

But is M. Tchitcherin of the ready tongue going to turn upon America and accuse it of forcing Russia to arm to the teeth when she wants to strip herself of all her war weapons? If he is, America will have to journey along in customary way, nevertheless. Beyond doubt Great Britain feels the same way about it.

Eight lawyers have been engaged in a suit over a lot in the American Court. Some lot!

REMARKABLE REMARKS

(From the Fraser v. Mercury suit in the British Court)

"I explained to him (the Japanese Consul-General) that I was not leaving because I was prejudiced against Japanese interests in the Mercury."—Peyton Griffin.

"I own the paper. I am very sorry that all this trouble happens. I leave you Britishers in control and do not go near the office myself and I find this trouble continually going on."—Mr. Sahara, Japanese director.

"At that time (February) we were very enthusiastic. The Japanese had secured control of the paper. Salaries went up. Everybody was happy."—J. W. Fraser.

"He (Mr. Sahara) has the largest interest of any one shareholder."—Mr. Davey, Managing Director of the Mercury.

"I judge he (an employee charged with having assaulted Mr. Davey) was wise to have resigned before making the assault."—Mr. Reader Harris.

Garret P. Serviss is now writing 'About Civilised Apes' which is unfair considering that everyone reads the paper nowadays.

SONG

When stars are in the quiet skies,
Then most I pine for thee;
Bend on me, then, thy tender eyes,
As stars look on the sea.
For thoughts, like waves that glide by night,
Are stillest when they shine;
Mine earthly love lies hushed in light
Beneath the heaven of thine.

There is an hour when angels keep
Familiar watch o'er men,
When coarser souls are wrapped in sleep—
Sweet spirit, meet me, then,
There is an hour when holy dreams
Through slumber fairest glide,
And in that mystic hour it seems
Thou shouldst be by my side.

The thoughts of thee too sacred are
For daylight's common beam;
I can but know thee as my star,
My angel, and my dream!
When stars are in the silent skies,
Then most I pine for thee;
Bend on me, then, thy tender eyes,
As stars look on the sea.

Yes, that's true, Little Garlicsan, most people do pet each other with their fists—closed—and caress with the w.k. knuckles. But then what's a few black eyes after you've been brow-beaten that far?

China In 1922

KIANGSU PROVINCE

Due to the efficient control of the troops under his command, Governor Chi Shi-yuen has made it possible for all walks of life to function normally during this past year. In spite of rumors during the spring and early summer, the city of Nanking and the surrounding country districts have enjoyed peace and have been free from the depredations of looting soldiers and the troubles that follow in the train of civil war. As Tuchun of a large and important province, General Chi naturally holds an important position in the political line-up of the country. He has realised this and has played a waiting game. Just now it would seem as though he were leaning towards Tsao Kun. Earlier in the year Chi was for Wu Pei-fu, but General Wu's failure to press home the advantages gained early last summer, when it seemed as though he was going to be able to establish a stable government in Peking, has disappointed the Kiangsu Tuchun and now Chi appears to be supporting the Chihli Governor.

As the result of the able administration of the provincial government, trade conditions have improved both in the city and at the commercial port, Hsiakwan. The Texas Company has opened up an office here, with three foreigners on the staff, which is to serve as a distributing center for this district. The Robert Dollar Company has established an agency under Chinese management which is already doing a thriving business in lumber.

In the southern part of the city the new postoffice building, which takes the place of the old, tumbledown quarters at Takungfang, will enable the postal administration to handle the increasing amount of mail matter with more ease and efficiency than was possible in the past.

Another new building that will be soon completed is the Bank of China, which is being erected next door to the new post-office. Several silk shops have been built in the South City, and judging by the amount of building that is going on in that district, trade conditions must be good.

TRADE HANDICAP

One of the big handicaps that shippers, particularly those that handle merchandise from the north, via the Tientsin-Pukow R. R., is the lack of facilities whereby they can clear their goods in Pukow. As matters stand now, it takes about four trips across the river to the Customs House at Hsiakwan before it is possible to get the required papers. A movement is on foot to have the Customs authorities establish a station on the railway terminus so that this loss of time may be avoided.

Nanking is more than holding its own as an educational center. The Southeastern University has 600 students enrolled in its various departments., New Middle School buildings are now going up and others are to follow, so that, before long, they will have there a plant that will creditably head up the provincial educational system. Through the agency of the Physical Education Department, the University is trying to serve the schools of the city, both private, mission and government, in helping those interested in athletics and physical training to get some experiences along these lines. The emphasis in the University is lail on participation of each student in some form of athletics rather than the development of particularly brilliant University teams. The Fall Play Festival was a practical demonstration of how this policy is being worked out when each student in the University, including the 60 co-eds., took part in mass games and track events.

The work that has been done during the past year by the Kiangsu Bureau of Entomology shows what is possible along such lines. A corps of 27 local police were enlisted as a sanitary squad and these men inspected over 5,000 receptacles daily, in ar attempt to reduce the flies in the city. That they were so successful is due to the tireless efforts of Dr. C. Woodworth, of the University of California, and his able Chinese assistants. Over a ton of poison was used in the campaign, and it is estimated that even more will be necessary to carry on the work planned for next spring.

GOOD ENROLLMENT

The University of Nanking has been full to overflowing, both in the college and lower grades. It was possible to receive only a small percent of those that applied for admission last fall. With the completion of the new building for sericulture, which is now in process of building, the facilities for work along those lines will be greatly increased. The money for this building has been contributed by those in the United States interested in the development of the silk industry. Another large gift from the States has also come to the University, when, with Peking University, the local institution is to receive a portion of the balance held by the American Committee for Famine Relief. This amount, Gold $675,000, is to be used in famine prevention work.

One of the largest pieces of construction work ever undertaken in missionary educational circles in the Orient is that of the new buildings for Ginling College. In all six college buildings are being pushed to completion so that the fall term of 1923 will find the institution in its new home. Of these six, three are dormitories, two for students and one to be used temporarily for the faculty, while the rest are for classrooms and administrative offices. The present plan is that, when all the buildings called for have been completed, the student body will be increased to 400. At present there are about 75 girls housed in a rented property in the eastern section of the city.

A steady increase in membership has been registered in all of the churches of the city, but more gratifying even than the numerical advance is the tendency on the part of the Chinese leaders to more and more assume the responsibility in church administration and finance. The Episcopal Mission has just finished the construction of a fine Gothic church, while the Methodist Mission is starting an institutional church and the Presbyterian Mission expects to start work in their new institutional plant within a few weeks. These last two buildings are in the very thickly settled southern section of the city, where there are abundant opportunities for work of that sort.

GOOD YEAR FOR Y.M.C.A.

The local Y.M.C.A. has had a very encouraging year and is now carrying a budget of more than $33,000.00, all of which is raised locally. In the city Association there is a membership of 3,170, while the student department would bring the total considerably higher. In the Y.M.C.A. school there are 360 students registered. The visit of Dr. Eddy and Dr. Jones was a source of great help, not only to those who have been enrolled in Bible classes throughout the city, but particularly to the hundreds of soldiers that have been attending classes during the past year. At the last meeting, 309 men signed cards signifying their intention of joining the church. There are in all over 800 soldiers in Bible study classes all over the city, and the interest shown by this class is extending to the local police.

The Y.W.C.A. has been in Nanking only two years, but the period of preparation is now over and it is hoped that the organisation of the Association can be effected this coming year. The Organization Committee has been working at the problems presented during the last twelve months and the way now seems clear to them to go ahead. Classes of over 40 have been held this year in the Association school, and Bible study work has been carried on in Government schools.

The Nanking Church Council, a union body in which all of the churches of the city are interested, has been going through a period of reorganisation by which the membership will be greatly increased. Under the new constitution there will be a large majority of Chinese representatives, and it is hoped that, with this change even greater progress will be made along the line of co-operation in Christian work throughout the city than has been possible under the old plan.

RETURNED STUDENTS

The Returned Students in the city, who number well over 100, have launched a magazine, "New Nanking," which is to deal with all forms of social and civic reform. Through the generosity of Governor Chi, the land around the Drum Tower has been graded, walks laid out, a pavilion built, to be used as a city park. More money is to be spent in this effort and shrubbery and trees planted. It is nuderstood that about $2,000.00 in all will be spent on the project.

In public utilities Nanking is very well served with the new telephone system that has just been put in. With centrals at Hsiakwan and in the city, the service compares favorably with that in any city at home. As to electric lights, however, there is dissatisfaction felt all over the city. The plant is not large enough to carry the load and there does not seem to be much prospect of relief. A water system has been spoken of for some time, but the lack of funds is holding the project up for the present. It is understood that a survey will be made this coming year, but it is doubtful whether more than that will be done in the immediate future.

In co-operation with the Good Roads Movement, it is hoped that the motor road now reaching from the city to Tang Shui, a distance of 20 miles, will be extended to Gu Yung, where it will connect with the road from that city to Chinkiang. This latter section is complete, with the exception of one bridge, which is to be finished by Chinese New Year. This highway will be a portion of the Nanking-Shanghai road proposed by the Good Roads Movement.

During the past year the new building for the Nanking Club has been completed and has added a great deal to the social life of the community. A Nanking Woman's Club has been organised among the foreign residents. The general meeting is to be once a month, while each of the five departments, Literature, Social Service, Music, Gardening and Home Economics are to have sectional meetings also monthly. The general meeting is to be held in the Community Center, a building erected by the Stewart Evangelistic Fund for gatherings of all kinds, religious and secular, which it has not been possible to hold in the past on account of the lack of quarters large enough.

While the past year has seen an increase in price in all commodities of life (and according to a survey made by a committee investigating living conditions of rickshaw pullers there has been an increase in all necessities of from 40 to 64 percent) the year has been a busy and prosperous one for all classes of society in the city.

Weekly Review Of Shanghai Trade

(Continued from Page 9)

has been weak and prices sagged a little, the present quotation being Tls. 6.90 per picul. On the other hand, arrivals have been larger, with the result that sellers predominated during the period under review.

No business was done this week in export as there is a wide difference in price, the European market quoting only £21.10 per ton, and the local price working out to £22.10 per ton.

Until the Reparations question is settled it would be idle to expect much of a change in the European demand. Hamburg and Rotterdam are showing no interest in the movements of prices on the Shanghai market, but in the distant future prices must advance as present prices of Chinese sesamum seeds are lower than those of Indian sesamum seeds. Consumers will be compelled to come into the Shanghai market and make their purchases of this product. The present stock of sesamum seeds in Shanghai is about 500 to 600 tons, while arrivals average about 300 to 400 tons a day. The largest part of the arrivals are going towards the fulfilment of the contracts entered into by the Chinese sellers in previous weeks.

There is no cargo of sesamum seed cakes in Shanghai, the Chinese oil mills not crushing sesamum seeds as there is no demand for it. Prices are too high, and the Chinese consumers are taking to bean and cotton seed oil in preference to sesamum seed oil simply on the score of cheapness.

BEAN MARKET WEAK

The local bean market is weak in sympathy with the Dairen market, which is declining. On the Dairen Produce Exchange, Chinese have been selling heavily and it is stated this is merely profit-taking. The effect has been to send the rate down this week 20 sen per picul.

The Shanghai quotation is Tls. 3.80 per picul for spot cargo and Tls 3.90 for March shipment. Local oil mills have been withholding in anticipation of further decline. Arrivals into Shanghai from Dairen are sufficient, last week some 2,000 to 3,000 tons being consigned here and this week 1,000 tons. Prices in Shanghai are slightly higher than in Dairen.

The price of bean oil for near delivery is higher. There is a good demand from the interior for spot cargo. No large business is reported, the Dairen rate being Yen 15.50 per picul for spot cargo and the Shanghai rate Tls. 13.50 per picul.

For bean cakes the market is maintained, a fair business resulting for interior consumption round Tls. 1.40 per piece. Stocks are sufficient, while there have been no arrivals from the outports.

There are very meagre supplies of rapeseeds in the interior, and present prices are the highest for some 20 years. The nominal quotation is Tls. 6.30 per picul. Europe is not inquiring for Chinese rapeseeds as the Indian rate is cheaper and supplies are easier to secure. Stocks upcountry are in the hands of Chinese oil mills. There is a difference of £1 to £2 in price between the Chinese and Indian product. American oil mills are not crushing Chinese rapeseeds, and whatever shipments have gone forth this season have been principally for feeding purposes.

Stocks of rapeseed cakes are small, the rate being Tls. 2.35 per picul. The Japanese market is rather weak.

PEANUTS HIGH

There is a weaker tendency in peanuts, as the merchants from Canton have withdrawn from the market owing to the political disturbances in that part. Arrivals now average 200 to 300 tons every day, and the quotation is Tls. 6.40 per picul. This price cannot be realised in Europe as the consumers there are only offering £19.10 per ton for f.a.q. quality, while the Shanghai rate is £1.10 higher.

Local stocks are estimated at about 1,000 tons, which is fairly good. The United States have been inquiring this week for selected quality peanuts, but the American price is too low with the result that the inquiry could not be converted into business.

The American price is G.$120 per ton c.i.f. New York for 30 to 32 count per ounce, while the market here is about G.$140 per ton. Since the new crop of peanuts came on the market there have been no shipments on any important scale to Europe or the United States. Ruling values in Shanghai are too high, although the crop is better than the last one.

There are small inquiries for peanut oil from Hongkong and Singapore at about Tls. 13 per picul, the ruling rate. Stocks are fair, while arrivals have been small. There is no demand from the United States.

COTTON SEEDS STOCKS

Stocks of cotton seeds are small, and the local mills have been displaying great eagerness to buy all that has been offering. They have been experiencing extreme difficulty in securing supplies. The quotation is advancing, while the arrivals from the producing districts are very poor. The ruling quotation is $2.50 per picul. A fair business was done this week for local mills. The latter have been sending down their agents into the interior to make purchases, and are only able to secure small lots. There are no available stocks in Shanghai.

The market for peanut oil is steady here, there being a good demand from Canton, Swatow and all parts of South China.

Cottonseed cakes are slightly weaker in Japan but the quotation here is well maintained. Local oil mills are not anxious to sell as they look forward to seeing higher prices. This attitude is prompted by the fact that supplies of cottonseeds have been difficult to procure. A little trade is passing hands in cottonseed oil for local use.

There is a strong and active demand from Europe for wood oil, and shipments have been fairly brisk from Hankow, 69-6 has been paid for January-February shipment. Germany which has been buying in previous weeks was absent from the market. The inquiry from that country has somewhat subsided.

Manchurian soya beans are quoted on the London Produce Exchange at £11. 7. 6, buyers for January shipment, and soya bean oil at 36-9 per cwt. cif United Kingdom, January shipment to Rotterdam. Cables advices state that supplies in England of this are scarce.

FLOUR MARKET

The local market for flour is maintained firm. Taking advantage of the favorable rate of exchange prevailing this week for imports, the Chinese merchants placed orders to the extent of 5,000 to 7,000 tons of American flour with Pacific Coast mills. The contract price was G.$1.45 per sack, equivalent to Tls. 2.06 to Tls. 2.09 per bag. Shipment is to be made between February and March.

More business is expected next week in imported flour. The quotation on the local Flour Exchange is Tls. 2.14 per bag for this month's delivery and Tls. 2.21 for next month and March.

No business has been done in American wheat, the quotation being G.$46 to G.$47 per ton, the equivalent of Tls. 4.65 per picul c.i.f. Shanghai. This price is too high for the local millers, and there is no prospect of any trade in this commodity. Manchurian wheat is round Tls. 4.70 per picul, and is neglected by the Chinese.

Pacific flour prices are unchanged nominally, but quotations are weaker, and buyers might be able to obtain concessions. Most of the Pacific Coast mills refuse to book on the basis of recent bids. Mills limits must be reduced to work business but wheat is too firm to permit of a reduction in flour. Flour exports from Seattle between November 18 to November 30 comprised 9,850 barrels for Shanghai.

RICE IMPORTS

Only 3,000 bags of rice arrived during the week from Japan, a considerable falling off from previous weeks. Arrivals from Honan are also declining and the price consequently going up. Honan race is quoted at $9.15 per one-and-a-half piculs, Saigon rice at $9.40 and Bangkok No. 1 at $9.70 to $9.80 per one-and-a-half piculs.

No fresh business was done this week as prices are considered high by the Chinese speculators. The market in Japan is a little firmer as stocks there are decreasing. Opinion in Japan favors higher prices.

Stocks in Shanghai of the grain are about 50,000 bags of Saigon and Bangkok, and 20,000 bags of Honan rice. Prices in the producing countries are high for the local buyers, the Saigon quotation working out to Tls. 4.70 per picul, Siam No. 1 at Tls. 4.90 per picul and Rangoon at Tls. 4.70 per picul. The ruling prices on the Shanghai market are as follows: Saigon rice Tls. 4.50, Siam Tls. 4.65 and Rangoon Tls. 4.50 per picul.

Big business is expected within the next month or so. Prospects of importing large quantities of rice from Japan are now poor, and Shanghai will have to draw direct on the centers of production. The demand for the cereal is expected to be keener than ever in the near future, and large buying should set in after the Chinese New Year.

There are no stocks of Rangoon in Shanghai at present, but large supplies will come next month and following on contracts already concluded.

YARN IS FIRM

The yarn market was very firm this week, registering a rise of two taels for spot and three taels for forward. The rise is in sympathy with the better cotton market.

The week's transactions comprised about 4,000 bales, all districts buying except the large ones of Tientsin, Hankow, Canton and Szechuen.

Stocks of manufactured yarn in the hands of merchants and millowners are about 30,000 bales.

Chinese cotton is very firm, the American staple having gone up this week some 60 points and rates in Bombay show a rise of ten rupees.

Arrivals of cotton are still small from the interior. During the week there arrived in Shanghai 2,000 bales of Tungchow cotton, 1,500 bales of Shensi, 2,000 bales of Hankow and 20,000 piculs of Shanghai cotton.

The local mills are not buying cotton as the yarn price is too low to enable them to make a profit. The cotton mills have sufficient supply of the raw material to last them for a month and a half. Very little business was done during the week in Chinese raw cotton. The commodity went up a point on the local exchange. Sampin is also up.

PIECE GOODS MARKET

Dealers find their buyers very reluctant to pay the gradual advances asked and consequently the turnover for actual trade consumption is liable to be very limited until after Chinese New Year.

Speculators, though optimistic, are operating warily. Reports from up-country, despite lack of rain and unsettled Politics, seem remarkably bright and we feel that prospects for next spring may be considered good. Clearances for northern markets have improved.

At the auctions bidding was brisk and prices on the average steady, the main inquiries emanating from Yangtsze districts. Our sales for the next three weeks are for payment in China New Year, it being the invariable rule that the prompts are increased to six weeks for the last three sales prior to the holidays.

Manchester cloth prices have stiffened. Concessions are not so readily granted, and with lower exchange now ruling new business is difficult to negotiate.

Irish Rebels Burn Railway Station

(Reuter's Service)

London, Jan. 11.—Armed men early this morning burned Sligo railway station to the ground. Two passenger trains which were in the station were destroyed.

Petrol and mines were used for the destruction of the station. The explosions shook the town. The damage is estimated at £80,000.

At the same time as the outbreak, attackers sniped military posts and fired on the troops, who rushed to the station in armored cars. Heavy machine-gun and rifle fire lasted two hours.

Another outrage was the coupling of seven engines, which were despatched at full speed towards the quay. The locomotives smashed their way through obstacles and broke down the concrete sea wall. One fell into the sea and another hangs across the sea wall.

DEGRADES FLOGGERS

(Reuter's Service)

Helsingfors, Jan. 11.—The Krasnayo Gazeta publishes an order by M. Trotsky dismissing the Army Commander of the 33rd Division stationed on the Volga and also the Commander of the Artillery School and ordering them to be court-martialled on charges of flogging soldiers and drunken orgies.

Fischer, In Property Suit, Tells Of War Time Woes Of Alien Residents Here

Testifying at the U. S. Court yesterday, Mr. Emil Sigmund Fischer related some of the war-time difficulties of aliens, in the case of Fischer against Stone, in which the plaintiff tried to recover Burkill Road property, which formerly belonged to his former wife, now Mrs. H. Hansen, from the defendant.

Replying to questions from his lawyer, Judge C. S. Franklin, Mr. Fischer said the property was mortgaged to him as part of the proceedings before an action for divorce could be heard in the Austrian Consulate, in which he was registered as a subject. Then he left Shanghai for the north and when he came back he was asked, in accordance with Austrian laws prior to a divorce action, whether or not he and his wife would be willing to unite again as husband and wife.

As they could not re-unite as husband and wife the divorce proceedings started. The result was that he was granted a decree of divorce.

It was also part of the divorce proceedings to arrange for the division of the community property just after the decree was granted. Both of them were required to deliver to the Austrian Consul some chattels and other properties. His wife alleged that the mortgage was not finished because her husband did not return all the properties which belonged to her.

The mortgage was deposited with the Hongkong and Shanghai Bank and when the time came for him to take delivery, the war broke out and the manager of the bank refused to deliver it to him because he was an alien, an Austrian.

Mr. Fischer then, according to his story, sailed for San Francisco and from there wrote to his Consul in Shanghai to have the mortgage paid. The Consul replied that witness must wait until the war was over. He stayed in San Francisco from February 15 to December 1916. Witness came back to Shanghai on January 1917. Upon his arrival here, he said, he made all efforts to comply with the property settlement. He conferred with the Austrian Consul on this subject.

Witness stated that Austria broke relations with China in 1917 and thereafter all Austrian consulates were ordered closed. In 1918, he stated, there was absolutely no channel by which he could arrange this settlement of property with his former wife.

But in the summer of 1919, he stated, he went to Peking and met Dr. Tenney, Chinese Secretary of the Doyen, which was then the American Minister to China, and told him about his vicissitudes. He told Dr. Tenney that the document he wanted was in the Hongkong and Shanghai Bank and asked assistance to get it.

Dr. Tenney gave witness a letter to be delivered to the Chief Chinese Secretary of the British Legation asking this official to help the witness. This official again asked the witness to write another letter which witness did not write because it required him to comply with a certain requisite which he could not do. After meeting Sir John Jordan later, however, a decree for the return of the document was issued and witness was called to the Hongkong Bank in Tientsin. Withers said that he met the manager of the Bank and the document was delivered to him, this because of the instructions of Sir Jordan.

At that time, witness stated, he was in the office of the Foreign Property Custodian and could not leave right away for Shanghai. After later obtaining permission for a short leave, witness came to Shanghai.

Witness, continuing, stated that he returned to Tientsin and resigned from his job. He immediately sailed for America to complete his Americanisation papers as he had applied to become an American citizen.

In America he called on the Dutch Consulate and asked for the title deed of his property. The Consul told him, he stated, that they could not find it in the Dutch Archives and must probably be in one of the 53 closed cases from the Austrian Consul in Shanghai.

Witness came back to Shanghai on August 1921.

The case was again adjourned.

War Tax Bill Is Introduced Into French Chamber

(French Wireless through Reuter)

Paris, Jan. 11.—M. de Lasteyrie, the Minister of Finance, introduced in the Chamber of Deputies today a bill for the imposing of the "double decime" (war-tax) on all direct or indirect taxation, with the exception of income-tax.

It is estimated that this measure will produce about 3,200,000,000 francs, which, added to the 300,000,000 to 400,000,000 francs from the railway companies for material granted to them since the armistice, will provide the necessary sum to stabilise the Budget for 1923.

The Minister of Finance told journalists that, while France was straightening up abroad, it was also necessary to carry out the same operation at home.
